

## Quick Phonics Screener (QPS)

### Starting the QPS

Say to the student: **“I’m going to ask you to read some words and sentences to me so I can find out what kinds of words are easy for you to read and what kinds of words you still need to learn. I want you to try to do your best. We probably won’t do this whole page; we’ll stop if it gets too hard. Any questions?”**

For the *NAMES* task, have students name the letter Q, not the qu digraph.

For the *SOUNDS* task, have students give you the SHORT sound for each of the VOWELS. If they say the long sound (letter name), say: **“That is one sound that letter makes. Do you know the short sound for that letter?”**

### Procedures for Administration

#### STARTING POINT:

For students in Grade 4, the recommended starting point is Task 3a.

#### MOVING FROM TASK TO TASK:

If the student misses five words in Task 3a, have the student read the sentences in 3b. Then go back and administer Task 2b.

Administer each section of each task (i.e., words in isolation and then words in text).

#### ERROR CORRECTION:

If a student does not know a word, tell him/her to skip it and move on to the next one. Do not read the word for the student.

#### STOPPING TESTING:

Stop the assessment when the student appears frustrated or tired. **NOT ALL TASKS MUST BE ADMINISTERED**, but try to assess as many as possible so you will have sufficient information to plan instruction.

When a student misses five words in the word box, move to the words in text. Then, move to the next word box task. If the student misses five words in that word box, complete that task (administer the sentences), and stop the assessment.

A teacher may choose to administer additional tasks in order to gain further information but care must be taken not to frustrate the student.

### Scoring the QPS

Mark errors and make notes/comments to help you remember how the student responded.

The QPS is scored by each individual task *ONLY*. Record the ratio of CORRECT responses over the total number POSSIBLE (e.g., 13/21 or 8/10) for each task. For Tasks 2b, 3b, 4b, 5b, and 6b, only the *underlined* word counts, but note or make comments about how well other words were read.

**NOTE:** The grade level listed above each task is an APPROXIMATE level at which those phonics skills are taught. **Results from the QPS CANNOT be used to determine a student’s grade-level performance in reading, only their strengths/needs in key phonics skills.**
