DATA NEWSLETTER

NYS ID&R/MIS2000 Program   **August 2016**

Priority for Service (PFS):

This field indicates that the student had:

- Education Interrupted AND at least one of the following needs:
    ⇒ ELL
    ⇒ Retention
    ⇒ Credit Deficient
    ⇒ Failed State Tests
    ⇒ Below Modal Grade
    ⇒ Low Academic Grades

- In NYS Migrant Education only In School students (grades K-12, UG, DO) can be classified PFS

- At the beginning of a new School Year (September 1st), all these factors need to be reevaluated in order to determine if the student is still PFS

- Periodically provide a list of PFS to tutors and Directors so they can provide appropriate services

Preparing Data for Academic Enrollments:

To enroll eligible students for the 2016 Academic Year:

1. Run a list of students that are still in your area and will not lose eligibility before 09/01/16. You can use the following parameters:
    - Depdate is null
    - TermDate>=09/01/16
    - EnrollDate is between 06/24/16-08/31/16
    - Student Ineligible is null
2. Follow steps 2-5 provided on the June 2016 Newsletter replacing 09/01/16 instead of 06/24/16.

Other things to consider:

⇒ You are going to promote grades for In School students (K-12). For example, a 3rd grader enrolled during Summer 2016 will be promoted to 4th grade. This also means changing the School Building Facility accordingly.

⇒ Students that dropped out of school during SY2015-16, will be recorded for SY 2016-17 as Grade D+, Still in School=D+

⇒ Remember to print a final SY2015-16 list of students for your records
